STATION : AB-102, Munich	REPORT NO. : MCE-299 MSC/RIR/401
REFERENCE : MSC-382	REPORT DATE : 29 Nov. 1946
SOURCE : GULL (B)	INFO DATE : Current
SUB-SOURCE:	DATE INFO REC'D: 21 Nov. 1946
EVALUATION: B-0	
SUBJECT : NTS Activity	

NOTE. The following is the third report in the series of occasional spot checks on the subject organization.

1. On 17 November 1946, Nikolai FEDOROVITCH SCHUTS, member of the executive section of the NTS, arrived in Munich to confer with local NTS leaders on administrative and policy matters.

2. SCHUTS was primarily interested in the creation of the "Military Section" of the NTS. Former ROA chief of Operations Section, Col. NIRENIN, was originally selected to head this section. However, it was discovered that NIRENIN is actually working on instructions of Col. POZDNIAKOV, whom the NTS treats with great reserve. (Note: This is the same Col. POZDNIAKOV who claims to be representing "High American Intelligence Command, USFET").

3. SCHUTS stated that he has recently been released from a British interrogation center and is of the opinion that the British Intelligence Service is much more interested in active anti-Soviet work than the Americans "who appear to pursue a passive attitude".

What - a
Gestapo - Soviet
agent?

4. SCHUTS informally requested GULL (perhaps on behalf of the British) to investigate the whereabouts of the wife of the former Gestapo-Soviet agent MAIKOVSKI, who is presumed to be in the French Zone. The probability is advanced that in her vicinity may be located other former Gestapo-Soviet agents, particularly those who participate in the arrest and demoralization of the NTSNP in 1941. (Ref. MSC-231).

5. Comment by AB-102: Can a copy of SCHUTS's British Interrogation Report be made available for examination by this office?
